

EVERBUILD HARDWOOD FURNITURE OIL

Colour	Product Code	Pack Size	Box Qty
Natural	HARDOIL05	500ml	12
	HARDOIL1	1ltr	12

Product Description

Everbuild Hardwood Furniture Oil is a quick drying oil that penetrates deep to restore the natural oils and appearance of wood following the effects of weathering.

It also provides a longer lasting protection than traditional teak oil, to all types of hardwood furniture, in particular garden chairs, tables etc., whether inside or outside the home.

Benefits

- Interior/Exterior use.
- Restores and protects the appearance of wood.
- Replaces the wood's natural oils.
- Long lasting all weather protection.

Surface Preparation

Remove all previous coatings from the wood and lightly sand to remove any excess or loose wood fibres.

Ensure that the wood is clean, dry and free from dust or dirt by wiping with a cloth dampened with Everbuild White Spirit before applying Hardwood Furniture Oil.

Application

Apply Hardwood Furniture Oil liberally by cloth or brush, working into the grain, until the wood is saturated. Remove any excess.

Re-apply as required once the previous coat has dried – approximately 2-3 coats are recommended, allow to dry for at least 4 hours between coats.

Clean brushes thoroughly with White Spirit

Limitations

Always test a small inconspicuous area prior to full application.

Do not use in areas subject to prolonged water contact.

It is the user's responsibility to determine suitability for use. If in doubt contact Technical Services for advice.

Coverage Guide

Up to 5m² per litre depending on porosity of wood.

Health & Safety

See MSDS for full list of hazards.

Storage

Store in cool dry conditions between + 5 and +25°C. Storage outside these conditions will dramatically reduce shelf life. PROTECT FROM FROST.

Shelf Life

12 months from date of manufacture when stored as directed.

The technical data contained herein is based on our present knowledge and experience and we cannot be held liable for any errors, inaccuracies, omissions or editorial failings that result from technological changes or research between the date of issue of this document and the date the product is acquired. Before using the product, the user should carry out any necessary tests in order to ensure that the product is suitable for the intended application. Moreover, all users should contact the seller or the manufacturer of the product for additional technical information concerning its use if they think that the information in their possession needs to be clarified in any way, whether for normal use or a specific application of our product. Our guarantee applies within the context of the statutory regulations and provisions in force, current professional standards and in accordance with the stipulations set out in our general sales conditions.
